6188		685	658	2	25	Both patient recovered and Discharged

## NEW UPDATE FORM THE PROVINCE

- High level meeting with the ministers to request Nepal Government for funds for the following:
  - Establishment of communicable and Infectious disease hospital
  - Establishment of Provincial level Teaching Hospital
- **Other Decisions :-**
  - Health worker's salary's 100%, 75%, 50% incentives to be provided to those involved in direct management of COVID-19 patients.
  - 30 lakhs worth of Health insurance facility from Provincial government for anyone involved in management of COVID-19 patients.
  - Gandaki Province Health Insurance Committee has been formed

# NEW UPDATE FORM THE PROVINCE

- Orientation for Rapid Assessment for level 2 Hospital (PAHS) to be carried out this week
- Ongoing procurement process for reagents and VTM (low stock in the Province) and PCR machine for backup.
- Province is in Discussion to acquire Leknath Community Hospital, to prepare it for COVID-19 dedicated Hospital and upgrade it once the outbreak has settled.
- Supported Province 5 by running 68 PCR tests
- Immunization program carried out. Coordinated with health partners for supporting immunization team (masks, gloves and sanitizers)
- Measles campaign ongoing in Gorkha Municipality.

## ISSUES/CHALLENGES

- Usage of RDT at local levels and protocol for its usage for police case/prison inmates.
- RDT for Health workers? Security Personnel ?
- Increase stock of PPE and PCR test kits (cases are increasing in the Country)

# NEEDS

- ICCU Beds and Equipment in District Hospitals
- VTM/RDT
- PPE and N95 Masks
- Backup PCR machine
- Additional laboratory staffs (for running PCR tests)

## Long Term Needs:

- Establishment of Provincial Lab and Communicable Disease Hospital
